## TECHNICAL SKILLS

---

- **Languages:** Python, JavaScript, HTML, CSS
- **Frameworks/Libraries:** React, Express, Django, Flask, Node.js
- **Databases:** PostgreSQL, MongoDB, Atlas
- **Tools:** Git, GitHub, VS Code, Heroku, Netlify

## PROJECT WORK

---

### AlbumTrackr | [Deploy URL](#) | [Code URL](#)

February 25

- Developed a full-stack web application using **Django**, **HTML**, and **CSS** to enable users to organize and manage personal music collections, including albums, artists, songs, and lyrics.
- Implemented **CRUD** (Create, Read, Update, Delete) functionalities for seamless user interaction.
- Leveraged **PostgreSQL** for efficient database management and deployed through **Heroku**.

### Sneaker Vault | [Deploy URL](#) | [Front End Code URL](#) | [Back End Code URL](#)

December 25

- Engineered a responsive web application for sneaker enthusiasts using **JavaScript** and **CSS**, facilitating collection management and sharing.
- Designed and implemented a data model utilizing **MongoDB**, **Express.js**, **React**, and **Node.js** to support user authentication, collection management, and commenting features.
- Integrated **user authentication** and authorization mechanisms to secure user data and interactions.
- Deployed the application with **Netlify**, ensuring high availability and performance.

### Game Of Thrones Quiz | [Deploy URL](#) | [Code URL](#)

August 24

- Designed and developed an interactive, themed quiz application using **HTML**, **CSS**, and **JavaScript**, incorporating win/loss logic and scoring mechanics.
- Implemented user-selectable difficulty levels (Easy, Medium, Hard) to enhance user engagement.
- Managed version control and project deployment using **GitHub**.

## WORK EXPERIENCE

---

### Power Plus | Operations Coordinator | Orange County, CA.

September 24 - Present

- Managed diverse schedules and priorities, demonstrating strong **organizational skills** and attention to detail.
- Resolved complex technical issues and provided high-level **customer support**, showcasing **analytical** and problem-solving capabilities.
- **Collaborated cross-functionally** to implement process improvements, enhancing **service delivery speed** and reducing client escalations.

### Phocas Software | Business Development Consultant | Orange County, CA.

November 21 – January 24

- Generated over **\$1 million** in revenue through closed-won deals, consistently exceeding sales targets.
- Achieved the "President" Award 8 times, recognizing exceptional performance in sales.
- Demonstrated outstanding lead generation capabilities, producing over **250 high-quality leads** that significantly contributed to increased sales and revenue.

## EDUCATION

---

General Assembly Certificate of Completion, Software Engineering Bootcamp

September 24 – February 25

B.S. Psychology, California State University, Chico

2017
